

Fiber Art Commission Information

Thank you for your interest in a custom fiber art commission! Each piece of artwork is unique and handcrafted, so all estimates are provided on a case-by-case basis. Here is a little information about how the process works.

To get started:

Please send me an email at riana@rianabovill.art with a description and an image of the desired subject matter. I will need to know the level of detail and complexity of the composition before starting an estimate. If you have a specific size in mind, please let me know that as well. Otherwise, I am happy to provide an estimate for a range of sizes. I will also provide pricing options for artwork with and without stitching.

The commissioned fiber art will have two mounting options: attached to a flat substrate of 1/8 inch thick interfacing, or stretched over a wooden frame like a painting on canvas. These options allow the customer flexibility if they choose to have the artwork professionally framed.

Payment:

Once the details of the commission have been agreed upon, an invoice will be sent to the customer. This invoice must be signed and returned, and a 50% deposit will be required to get the project started. The remaining 50% balance will be due upon receipt of the commissioned artwork. All commissions will be subject to NY state sales tax at 8%. Payments can be in the form of cash or personal check.

Delivery and/or Shipping:

If the artwork requires shipping, the customer will be responsible for the cost. This cost will include packing materials, current shipping rates, and insurance. A price for shipping will be calculated upon completion of the artwork and will be included in the final invoice. No artwork will be shipped prior to receipt of payment.

Please don't hesitate to reach out with any questions!
